

Departmental Cabinet-in-Confidence Records: Transferring Records to PROV

Version number: 1.0
Issue Date: 15 August 2019

Departments are responsible for transferring permanent Cabinet-in-Confidence (CiC) records to PROV. This fact sheet is intended for use by departmental staff responsible for managing CiC records in their department and affiliated portfolio agencies, entities, and statutory bodies.

Before you begin

Ensure you are familiar with the [Cabinet records](#) topic page on the PROV website and additional resources outlined in [PROS 10/13 FSCiC1 Overview Fact Sheet](#).

When to transfer CiC records

Permanent CiC records are transferred to PROV based on year of creation.

Departments must transfer permanent CiC records at two points:

- **Annually** at the beginning of each calendar year (e.g. records created during a non-election year are transferred early the following year)
- In an election year via the Cabinet Office **during Caretaker** (e.g. records created during an election year are transferred the same year)

An annual transfer is not required in the first year following an election. The first annual transfer occurring after an election year will include a small amount of records created during that election year.

Transfer format (VEOs)

CiC records must be managed digitally in accordance with [IM-STD-06 Cabinet in Confidence and Caretaker Period Digital Information Management](#).

Departments must encapsulate permanent CiC records and associated metadata into a format known as a VEO (VERS Encapsulated Object) for transfer to PROV.

See [PROS 10/13 FSCiC4 Converting Records into VEOs Fact Sheet](#) for further information.

Initiating a transfer

Once the department has identified their permanent CiC records for transfer, they should submit a [PRO 21A Proposal to Transfer Form to PROV](#) and upon request, advise PROV of the ministerial portfolios for which they have records.

Arranging records for transfer

CiC records must be arranged by ministerial portfolio in preparation for transfer to PROV. Digital records do not need to be arranged by year.

PROV recommends using metadata to ensure CiC records are easily identifiable by portfolio.

See our [Metadata A-Z topic page \(forthcoming\)](#) for further information.

Locking down and deleting records

Departments must switch CiC records in their systems to **read-only** to prevent editing in preparation for transfer. This occurs:

- On December 31 during a non-election year
- On commencement of Caretaker during an election year

Read-only copies of digital records transferred to PROV may remain in departmental systems for the life of the current government.

When the government changes, records must be forensically deleted from departmental systems. The Cabinet Office will advise departments when this can occur.

Editing records after a transfer

Transferred records must remain read-only in departmental systems to maintain their integrity. They must not be altered in any way.

Records relating to ongoing submissions may be added to by creating a copy of the read-only record in the new calendar year as required.

Delivering records to PROV

Records transferred during non-election years are delivered directly to PROV by each department on a secure hard drive.

Records transferred during Caretaker must be duplicated onto two secure hard drives (of differing brands) and delivered to the Cabinet Office by each department.

Digitised CiC records

Hardcopy CiC records that have been digitised can be disposed of after quality assurance procedures have been completed and in accordance with Cabinet Office advice.

See our [Digitisation A-Z topic page](#) for further information.

Security

Security arrangements for records retained in departmental systems during the Caretaker period and for the delivery of records to Cabinet Office will be advised by Cabinet Office.

Timeframes

Timeframes for completion of tasks relating to annual transfers will be advised by PROV.

Timeframes for completion of tasks relating to transfers during Caretaker will be advised by Cabinet Office.

Additional information

Please also refer to:

- Department of Premier and Cabinet's [Advice to Cabinet, Liaison and Legislation Officers— Management of Cabinet in Confidence material during Caretaker](#) when transferring records during Caretaker.
- Enterprise Solutions Branch's [IM-STD-06 Cabinet in Confidence and Caretaker Period Digital Information Management](#) which outlines the requirements for departments to manage CiC records digitally and undertake regular transfers.

If you have a question on PROV specific matters, please contact us via our [online enquiry form](#).
